Office of Outreach Activities
IIT Kanpur

Dear Sir/Madam,

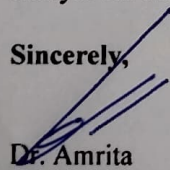

I am pleased to recommend **Ms. Srashti Katiyar**, a B.Tech. student in Computer Science and Artificial Intelligence at Banasthali Vidyapith, for the SURGE Summer Internship at IIT Kanpur. My association with Srashti began in her third semester when she enrolled in my Discrete Mathematics course, and I have known her for the past two years. During this period, she has demonstrated consistent academic growth, strong analytical reasoning, and a disciplined approach toward problem-solving. She has maintained an excellent academic record with a **CGPA of 9.11** up to her fourth semester, reflecting her conceptual clarity and dedication.

Srashti has a strong foundation in Data Structures and Algorithms, programming, and database systems. She is proficient in **C, Python, and Java**, with working knowledge of **SQL and MongoDB**. In her major project, **LifeLink – Healthcare Management Platform (MERN Stack)**, she contributed to designing RESTful APIs, managing structured healthcare data, and implementing secure role-based authentication. The project required systematic backend planning and efficient data handling, demonstrating her ability to build structured and scalable applications. She also developed a Transportation Ticket Booking System in C, implementing secure login mechanisms and file-based data storage, showcasing her logical thinking and understanding of system-level programming.

She has further strengthened her research orientation through certifications in Python for Data Science (IBM) and Machine Learning and Computer Vision Onramp (MATLAB). Srashti is a focused and sincere learner who works methodically, accepts feedback constructively, and performs well both independently and in team settings.

I am confident that she will make meaningful use of the research exposure offered by the SURGE program and contribute positively to your academic environment. I strongly recommend Ms. Srashti Katiyar for the SURGE Summer Internship.

Sincerely,

Dr. Amrita

Dear Sir/Madam,

Banasthali Vidyapith is a fully residential university doing pioneering work in the field of women's education. We are particularly strong in M.Tech (CS/AI/R&A/IT/VLSI Design) / MCA / M.Sc (CS/EL/Data Science) / B.Tech (CS/CS-AI/IT/EC/EV/EI/EE/MT/CE/BT) / BCA / B.Sc and they are widely regarded as the best in India.

For the past several years our students have been doing their six months project training with some leading organizations like Tata Consultancy Services, CMC Ltd., NIC, Siemens Ltd., Tata Infotech, BARC, CSIO, CEERI, ST, Cadence, ISRO, DRDO etc. Most of our project trainees are offered jobs by their host organization upon completion of their project.

We are very much interested in having such arrangements with your organization. This will provide you young talented manpower, which you can utilize effectively in your ongoing projects.

I am recommending Ms. Srashti Katiyar, B.Tech (CS-AI, VI Semester) student to you. She has expressed her desire to do the summer internship in the sixth semester at your esteemed organization. The duration of the summer internship is of two months from 11th May, 2026 to 10th July, 2026. Her bio-data is enclosed to give you some idea about her background.

I shall be grateful if you can kindly permit the above student to do her summer internship in your organization and inform us by sending a line of confirmation.

With best regards,

Yours sincerely,

(Prof. Anshuman Shastri)
